Moodle: Hide grades from students

Hiding grade item or category prevents students from seeing the grade and any feedback comments or files an instructor has provided for it.

> **Before you start**, you may need access to the following:
>
> - an **Instructor of record** or **Other editing teacher** role in a Bryn Mawr Moodle course

Hide grades

1. On your course main page, click on the **Edit Mode** toggle (if it isn't already on).
2. Next, in the top toolbar, select **Grades**.
3. On the next page, select **Grader report > Setup > Gradebook setup** from the tabs displayed.
4. Find the grade item or category you wish to hide, go to the **Actions** column, and click **Edit** drop-down and select **'Edit settings'.**
5. Within the **Grade Item** section, select **Hide**.
6. Click **Save changes**.

When you are ready to reveal grades to students, repeat the steps above, but choose **Show** in step 4 from the drop-down menu**.**
